Install Skolon SDS Entra Lifecycle Management

Gabriel Wallén - 2026-07-06 - Microsoft / Entra

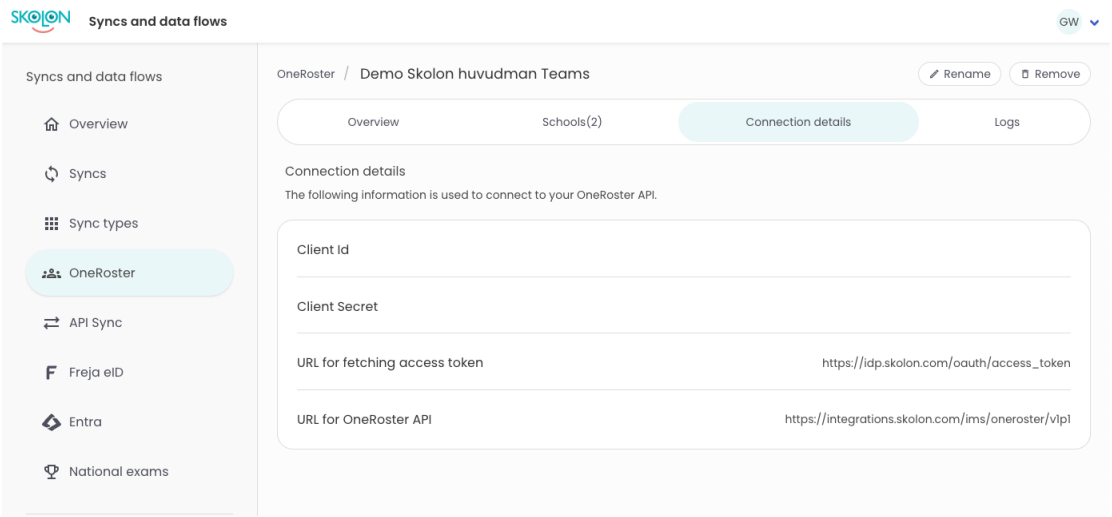

This is an installation article for Skolons SDS Entra LCM integration. For a detailed description of the integration, please see the following article Skolon SDS Entra Lifecycle Management

To install Skolons SDS Entra LCM Integration, you will need the following:

- Microsoft 365 Education tenant
- Global Administrator Permissions
- Global Administrator accessing SDS needs SDS Plan 1 (A1) or SDS Plan 2 (A3 / A5) License
- Email addresses in Skolon, either synced from your MIS or generated in Skolon.
    - If you want to generate email addresses in Skolon, see the article Email generation in Skolon

Microsoft provides detailed installation instructions for SDS in this article "Connect data to School Data Sync".

You will find the connection credentials for Skolons OneRoster API in the Skolon Data Hub under "OneRoster"

If you are missing an entry for your OneRoster-configuration, please contact our support and we'll help you out.

Please note that you will have to activate at least one school and create at least one team in order to proceed with the last steps of the SDS installation guide.

Detailed configuration instructions for Skolon SDS Teams

When configuring SDS in Entra there are some detailed configurations that can be done. For the integration to work as intended, use the following settings in Entra:
