This is what you find in the Library

Noah Kapteijn - 2022-12-29 - Library

✔ Elev	 ✔ Lärare 	✓ Administratör
--------	------------------------------	-----------------

In Skolons library you will find tools from around 150 suppliers and more than 4500 tools. The library is divided into the following areas; 1. **News**, 2. **My school**, 3. **My subjects** and 4. **All subjects**. Under these parts you will find the whole library just as you are used to. Here you can search and filter just like before.

News

Here you will find the latest in the School's library. All news is shown here. You can see if the Library has been updated since you were last here.

My school

Here you will find the most popular tools for your organization but also a compilation of all the tools used in the organization. Here you can search for tools or filter with a large number of parameters. You can also easily filter according to which tools are most popular, which have received the highest rating and most reviews, see red marking in the image below.

All tools in my municipality	Start E	Most popular Highest rating Number of reviews	

Subjects

You will also find shortcuts for choosing to display all tools in your subjects ie the topics you have entered under **My settings**, as well as a button for viewing all topics and selecting the topic you want to take a closer look at.

Rate and comment

A new feature in the Library is that you can now rate (1-5 stars) on a tool and also write a comment about how you use the tool. You can only do this for the tools you use.

Rate by clicking on the number of stars you want to give the tool. All done!
