My Classes Pro - additional function for a better overview of the use of tools

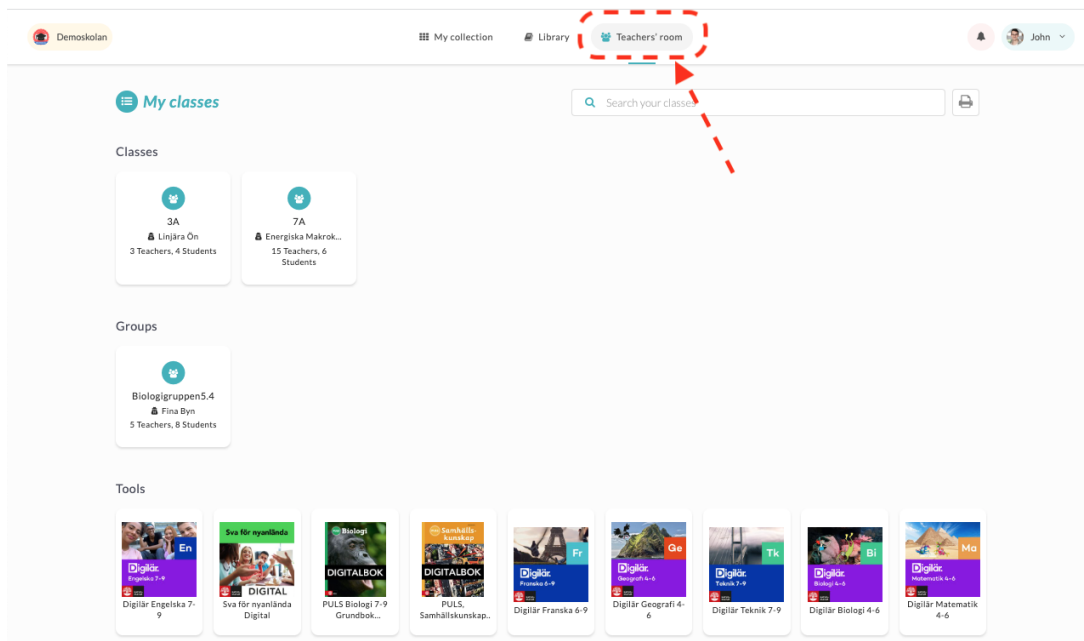

Noah Kapteijn - 2022-11-21 - Teachers' room

With the function **Teacher's room**, which all teachers and administrators have access to, it's possible to get a clear overview of the students and classes / groups that are connected to you as a teacher user. For schools and municipalities that have the paid version **Skolon Pro**, there is also the function **My Classes Pro**, with "even smarter additional functionality?".

Read more about the difference between the variants below.

You're able to see:

- Your connected classes and groups, as well as the students in these (same as the picture above)
- What tools the students have access to (same as the picture above)
- Which students are active right now and when they were last active
- See which tool the student is active in right now and / or which tool they were last active in
- Filter on tools and see students activity in your chosen tool
- See most visited deep links in a tool
- See statistics on tools
- See the use of local tools (read more here)

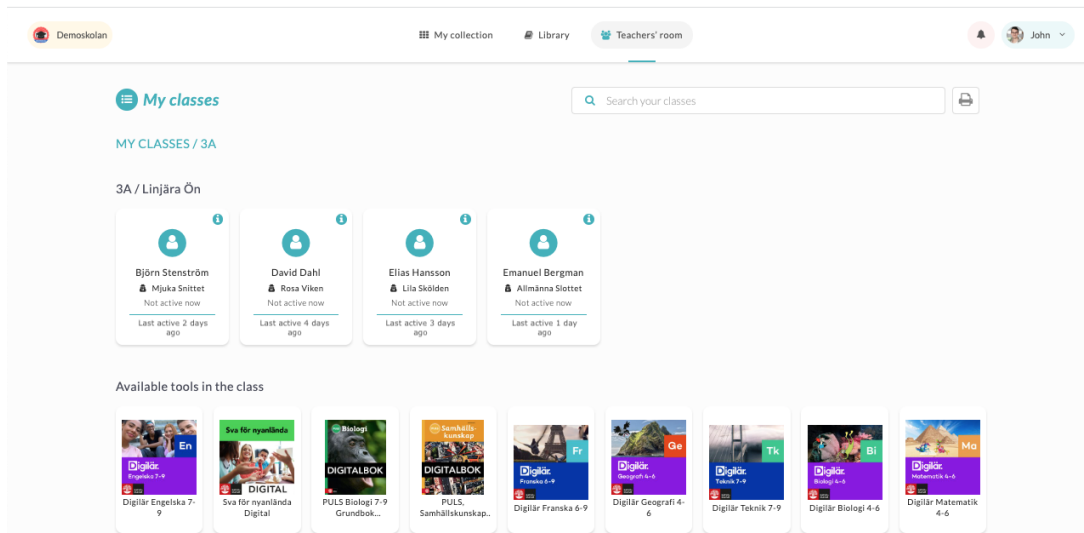

Picture above:

This is the view for all teachers and administrators - the icon for **My Classes** can be found at the top of the main menu. When you click on it, you get a clear overview of your linked classes, groups and available tools. If you **click on a class or group**, you can also see which students are in which class / group and which tools each student has access to.

Picture below:

Click on one of your classes or groups in the overview, and you will have the opportunity to see your students' activity. Green-marked users show students who are active right now, and which tool they work in and on other users you can instead see when they were last active.

If you **click on an individual user**, you can see recent activity, linked classes and groups, and activity in their tools:

The screenshot shows the 'My classes' page for Elias Hansson / Lila Skölden. At the top, there are navigation tabs for 'My collection', 'Library', and 'Teachers' room'. Below the header, there is a search bar and a 'My classes / 3A / ELIAS HANSSON' title. The main content area includes a profile card for Elias Hansson (Lila Skölden), a 'Groups' section with a card for '3A' (3 Teachers, 4 Students), and a 'Tools' section. The 'Usage time' chart shows activity for 'ABC-klubben åk 2 Dia...' (2h) and 'Alfamax alla spelpaket' (1h) across dates from 2/6 to 8/6.

Inside a class / group you can use the **Filter button** at the top right see statistics concerning your class / group activity:

This screenshot shows the 'My classes' page for 'DIGILÄR ENGELSKA 7-9'. It features a 'FILTER' button at the top right. Below the header, there are filters for 'Date' (2022-06-02 to 2022-06-08), 'Class' (3A), and 'Users'. The main content area includes a 'Usage time' chart showing activity for teachers: Björn Stenström (1h), David Dahl (2h), Elias Hansson (1h), and Emanuel Bergman (1h) across dates from 2/6 to 8/6. Below the chart is a 'Most visited deep links' section showing 'Gothic style, 12th - 15th century (Standard)' and 'Word (Standard)'.

Do you want to know more about **My Classes** and / or **My Classes Pro** and how you can access the Pro functions?

We are happy to help!
