Deny access for specific tools at an approved supplier

Clara Hardarsson - 2026-05-25 - [Manage data and security](#)

If you use Skolon's **approved suppliers** feature, as an organisation administrator, you can specify if any particular tool should be **blocked from access**.

This means you can choose to approve a supplier even if not all of their tools can be approved, as you can control access at the tool level. Here's how to do it:

- Click **Data Visualisation** in "My apps."
- Click **Data Protection**.
- Search for or scroll to the supplier you intend to edit.
- Click on the relevant supplier.
- **Check the box** next to the tool you want to deny access to. Click **Reject**.

The screenshot displays the 'Data protection' section of the Skolon interface. On the left, a sidebar lists navigation options: 'Data visualisation', 'Shared data', 'Usage', 'Demo use', 'Purchase statistics', and 'Data protection'. The main content area shows a search bar and a 'Tools' button. Below, a tree view represents the 'Skolon UK' organisation, which is an 'UPPER SECONDARY SCHOOLS' with 28 members and 30 approved suppliers. The tree lists various suppliers and their associated tools, each with a checkbox for data protection. Suppliers include One Play, Zoody AB, Skakup, ClickView, Canvas Pty Ltd, WVideo, SIA Heige, Kuba Robotics, Expert software applications..., Dugger - Digital Assessment, Hamark/Fin AB, Radix AB/ Matteggen..., Creaqa, Soundtrig for Education, Wavelength, Inc. DMA Padlet, 2 Simple Ltd, Levalbee, Revidgenet AB, Everany Technology AB, and Iversish. Tools listed include Mead Digital Solutions AB, Ugly Duckling Games, ET Education, Everany Technology AB, Licakers Program Luhn..., Tools for Schools Limited, 3D Learning AS, Digisam, and Local tests. A 'Demo member' button is visible in the bottom right corner.
