## Install Skolon SDS Teams integration

Gabriel Wallén - 2025-04-10 - [Microsoft / Entra](#)

To install Skolons SDS Teams integration to Entra, please follow the instructions for OneRoster API provided by Microsoft in their article [“Connect data to School Data Sync”](#).

You will find the connection credentials for Skolons OneRoster API in the Skolon Data Hub under “Microsoft Teams”

Connection details

The following information is used to connect to your OneRoster API.

Client Id

Client Secret

URL for fetching access token https://idp.skolon.com/oauth/access\_token

URL for OneRoster API https://integrations.skolon.com/ims/oneroster/v1p1

If you are missing an entry for your SDS-configuration, please [contact our support](#) and we'll help you out.

Please note that you will have to activate at least one school and create at least one team in order to proceed with the last steps of the SDS installation guide.

Synk is disabled

Active

If the sync is active, external integrations such as Microsoft SDS can retrieve data about your organization from Skolon.
