--------	-----------------	-----------------

In Skolons library you will find tools from around 150 suppliers and more than 4500 tools. The library is divided into the following areas; 1. **News**, 2. **My school**, 3. **My subjects** and 4. **All subjects**. Under these parts you will find the whole library just as you are used to. Here you can search and filter just like before.

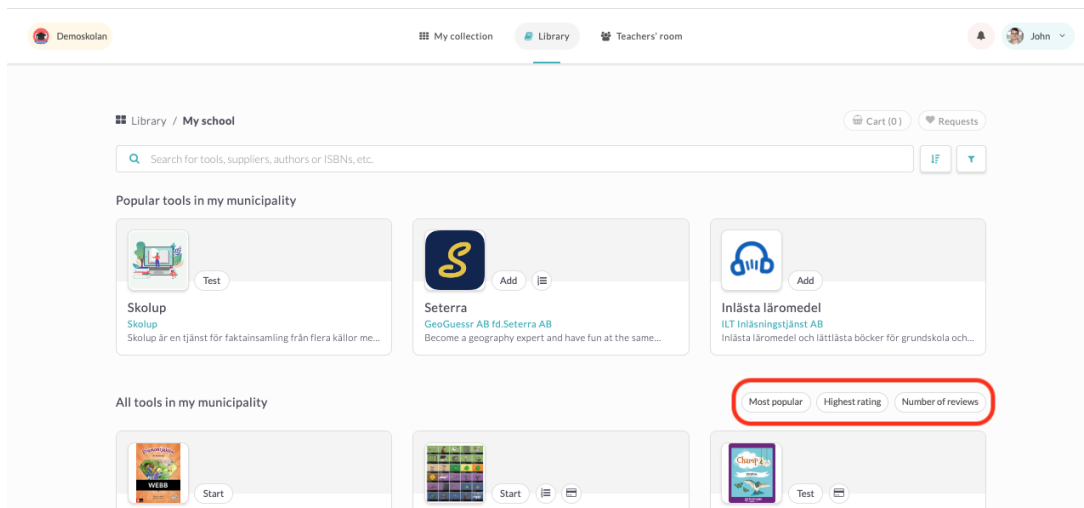

News

Here you will find the latest in the School's library. All news is shown here. You can see if the Library has been updated since you were last here.

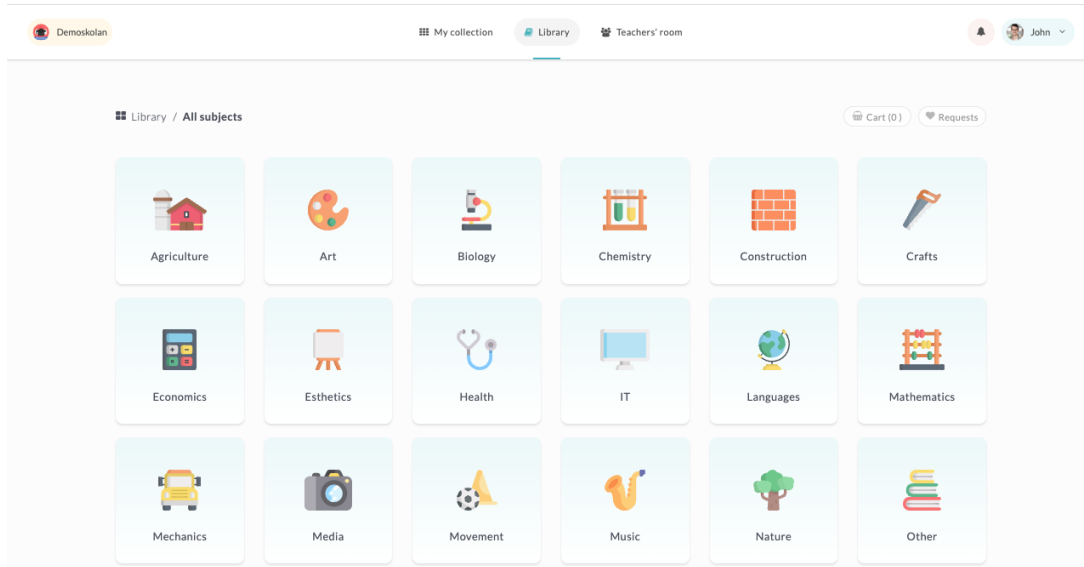

My school

Here you will find the most popular tools for your organization but also a compilation of all the tools used in the organization. Here you can search for tools or filter with a large number of parameters. You can also easily filter according to which tools are most popular, which have received the highest rating and most reviews, see red marking in the image below.

Subjects

You will also find shortcuts for choosing to display all tools in your subjects ie the topics you have entered under **My settings**, as well as a button for viewing all topics and selecting the topic you want to take a closer look at.

Rate and comment

A new feature in the Library is that you can now rate (1-5 stars) on a tool and also write a comment about how you use the tool. You can only do this for the tools you use.

Rate by clicking on the number of stars you want to give the tool. All done!

The screenshot shows the Skolup interface. At the top, there is a navigation bar with 'Demoskolan', 'My collection', 'Library', and 'Teachers' room'. Below this, there are three tool icons. The main content area is divided into two columns. The left column contains an 'Order licences' table with four rows, each with a 'Licence type' and a 'Price' column. The right column contains a 'TOOL SUPPORT & HELP' section with various settings like 'DPA', 'Data sharing', 'Sub-suppliers', 'Requests', 'Demo users', and 'Licences for the tool'. At the bottom of the left column, there is a 'Teacher reviews' section with a red box around it, showing five empty stars and a 'Write a review' link. Below the stars, it says 'No reviews for this tool yet.'

Licence type	Price
School licence 12 months - Renewed automatically Student, Teacher, Administrator	Price is provided upon request
Single licence 12 months - Renewed automatically Student, Teacher, Administrator	SEK 39.00- SEK 32.55
Class licence 12 months - Renewed automatically Student, Teacher, Administrator	Price is provided upon request
Organisation licence 12 months - Renewed automatically Student, Teacher, Administrator	Price is provided upon request

If you want to write a comment about how you work with the tool, click on **Write a comment**. Enter a title and describe how you work with the tool. Click **Send**.

The screenshot shows the Skolup interface with a 'Write a review' modal form open. The modal has a title 'Write a review' and a subtitle 'Inspire and share with other educators. Together we enable digital learning for everyone!'. Below the subtitle, there are five empty stars and the text 'Click on a star to rate'. The form has a 'Title' field with the text 'This is how we use Skolup' and a 'How do you use the tool? (Optional)' field with the text 'We use .'. At the bottom of the modal, there are two buttons: 'CANCEL' and 'SEND', with the 'SEND' button highlighted with a red box.
