Create shortcuts in the Skolon App Store

Clara Hardarsson - 2025-07-01 - Skolon App Store

As a teacher, you have the option to specify which subjects you teach via My Settings. You will then get shortcut buttons in the Skolon App Store to tools within your subjects.

- Click on the profile icon in the top right-hand corner. Click on My Settings.
- Search for one of your subjects, click on the magnifying glass and then on the subject.

Repeat until you have added the subjects you want shortcut buttons for. Buttons for a maximum of 3 subjects can be displayed.

In the Skolon App Store, you will then see shortcut buttons for the subjects you have specified.
