## Get an overview of your students and tools

Clara Hardarsson - 2025-06-27 - [Teachers' room](#)

From My Apps, all teachers and administrators have access to the Teacher's room. There, it's possible to get a clear overview of the students, classes and groups that are linked to you as a teacher.

Here, you can also see which tools the students have access to.

The screenshot shows the 'My apps' section of the Skolon app store. At the top, there are navigation links: 'Lower Secondary School' (dropdown), 'My apps' (selected), 'Skolon app store', and 'Teachers' room'. On the right, there are icons for notifications, user profile, and a dropdown menu. Below the navigation, there's a search bar with the placeholder 'Searching for tools...'. A message 'Good morning Demo Admin' is displayed, followed by a note: 'Your school is currently bringing together all your digital tools and distributing them, so that the right tools end up with the right staff member and student. So if you're missing a tool, it may appear shortly. Keep a look out!' A 'Contents (37)' link is shown with '23 tools' underneath. The main area is a grid of tool icons, including:

- Skolon opps
- WeVideo
- Skolup AI
- Book Creator for ...
- ClickView
- Microsoft Teams
- Canva
- TextAid
- Equatio
- Purple Mash
- Mathplanet
- Microsoft Teams Assignments
- Demop
- 3
- Ask AI with Skolup

A 'Do you need help?' button is located on the right side of the grid.
