## Usage statistics

Clara Hardarsson - 2025-06-27 - [Teachers' room](#)

From My Apps, all teachers and administrators have access to the Teacher's room. There, it's possible to get a clear overview of the students, classes and groups that are linked to you as a teacher.

Here, you can also see which tools your students have access to, as well as usage statistics. You can also see which students are currently active and which tools are being used right now.

The screenshot shows the 'My apps' section of the Skolon platform. At the top, there are navigation links: 'Lower Secondary School', 'My apps' (which is underlined in blue), 'Skolon app store', and 'Teachers' room'. On the right, there are icons for a bell, a user profile, and a dropdown menu labeled 'Demo'.

The main area is titled 'My apps' and features a search bar with the placeholder 'Searching for tools...'. To the right of the search bar are 'Contents (37)' and '22 tools'.

The interface is organized into a grid of tool icons. The first row includes 'Skolon apps', 'WeVideo', 'Skolup AI', 'Book Creator for ...', 'ClickView', and 'Microsoft Teams'. The second row includes 'Canva', 'TextAid', 'Equatio', 'Purple Mash', 'Mathplanet', and 'Microsoft Teams Assignments'. The third row includes 'Bingo', 'WPS Office', and 'Ask AI with Skolup'.

A message at the top left says: 'Good morning Demo Admin. Your school is currently bringing together all your digital tools and distributing them, so that the right tools end up with the right staff member and student. So if you're missing a tool, it may appear shortly. Keep a look out!' Below this message are two cartoon characters: a boy and a girl.

On the right side of the interface, there are links for 'Sign in' and 'Trouble logging in?'. A small blue box in the bottom right corner says 'Do you need help?' with a question mark icon.
